

Select Spectrum LLC
Robert Finch, President

Select Spectrum Internship Opportunity

Position Overview

Select Spectrum LLC is seeking a disciplined self-starter, eager to gain effective and unique telecommunication industry experience during the Spring of 2021 to join the Select Spectrum team in an Internship role. Select Spectrum is a small, fast growing company (9 employees) with a dynamic and fast-paced atmosphere that rewards robust teamwork and encourages independent work on projects. Should performance expectations be met or exceeded, an extension to the duration of the Internship may be considered, with reduced hours.

Roles and Responsibilities

- Work remotely under the direction of Select Spectrum team members
- Conduct market research across the telecommunications, utility, energy, transportation, and legal industries to gain valuable insights
- Assist in advancing proprietary assets through data entry and other development tasks
- Utilize Federal Communications Commission (FCC) assets and publicly available information in an effective manner

Qualifications

- Work Location:
 - Access to a reliable internet connection, with flexibility to participate in team and/or client discussions over web-based communication platforms
- Current GPA of 3.5 or higher
- Analytical or technical oriented studies/background required (Business, Economics, Engineering, Mathematics, etc.)
- Ability to work remotely in an effective manner
- Hours / Week TBD – minimum 10-20 hours, opportunities for up to 30 hours
- Preference for rising university juniors and seniors

Benefits

Paid Internship Opportunity - \$15/hour

- Gain valuable work experience in Telecommunications industry (which has a significant presence in Northern VA) with exposure to multiple elements of the industry (Engineering, Legal, Business, etc.)
- Work independently and as part of a larger team
- Potential opportunities to do additional work with Select Spectrum both during upcoming school year and after graduation

Equal Opportunity Employer Statement

Select Spectrum is an Equal Opportunity Employer and is committed to the principle of equal employment opportunity for all employees. We do not discriminate on the basis of race, color, religion, marital status, age, national origin, ancestry, physical or mental disability, medical condition, pregnancy, genetic information, gender, sexual orientation, gender identity or expression, veteran status, or any other status protected under federal, state, or local law. All employment decisions at Select Spectrum are based on business needs, job requirements, competence, performance, and individual qualifications.

Company Description

Since 2010, Select Spectrum has provided a wide range of consulting and transaction advisory services to organizations that hold, or would like to acquire or lease, wireless spectrum licenses issued by the FCC. Since 2014, we have increasingly focused on providing transaction-related and web-based services such as spectrum license and lease marketing and managing spectrum auctions. While the FCC has the statutory duty to initially issue wireless licenses through both auction and application processes, Select Spectrum's long term goal is to make <http://selectspectrum.com> the leading marketplaces for spectrum licenses after their initial issuance by the FCC.

- ✓ Spectrum Auctions: Select Spectrum works with spectrum rights holders and parties interested in obtaining spectrum rights by managing secondary market spectrum auctions and the Spectrum Marketplace.
- ✓ For Spectrum Rights Owners, Select Spectrum creates a variety of marketing information and contacts prospective buyers and lessees to negotiate maximum value in sale and lease transactions.
- ✓ For Wireless Operators and other companies seeking spectrum rights, Select Spectrum identifies FCC licenses available for purchase or lease and develops tactics to efficiently secure the targeted rights.
- ✓ For all organizations with a need to learn more about the spectrum market and to develop strategies related to wireless licenses, Select Spectrum provides consulting services grounded in years of wireless experience inside and outside major carriers.

Select Spectrum has managed or advised on over 300 spectrum license transactions totaling over \$300 million dollars for our clients. Building upon our success to date, we expect to continue to grow our spectrum auction, spectrum transaction business.
